

WHAT IS COVERED

LGLP provides coverage for liability that local governments face considering their limited exposure for state law claims under the Wyoming Governmental Claims Act (WGCA). LGLP also provides substantial coverage to local governments for their liability exposure under federal law while balancing an affordable, financially sound, and stable liability protection program.

LGLP's liability program provides coverage for member entities and their public employees, acting within the scope of duties for claims arising under:

1. The Wyoming Governmental Claims Act, including liability for operation of a motor vehicle, healthcare provider malpractice, and other torts for which governmental entities are not immune under the WGCA.
2. Federal law.
3. Other states' laws, if applicable.

Governmental entities that join LGLP are required to participate in all aspects of the program. For example, a governmental entity will not be allowed to participate for just automobile liability claims or just civil rights actions.

The memorandum of coverage and related forms will be delivered to participating entities upon LGLP's receipt of the enrollment application and payment of the contribution.

LIMITS

LGLP will provide each participant with a \$250,000 per person/\$500,000 per occurrence limit for claims brought under the Wyoming Governmental Claims Act. These limits are the limits authorized by state statute. LGLP provides \$1,500,000 per occurrence limit for covered claims brought under 42 U.S.C. § 1983 or other federal statutes. The program retains all governmental immunity and does not expand your liability under the Wyoming Governmental Claims Act.

LGLP coverage is on an occurrence basis. Defense costs will be paid in addition to the limits of liability.

DEDUCTIBLES

Deductible options, which apply per occurrence, are:

- \$ 500.00 per occurrence
- \$ 1,000.00 per occurrence
- \$ 2,000.00 per occurrence
- \$ 2,500.00 per occurrence
- \$ 5,000.00 per occurrence

Entities participating in the program have their choice of deductibles. Ultimately, higher deductible will result in lower annual contributions.
